

LOOK TO THE FUTURE

HOW WOULD YOU LIKE TO SEE THE INLET IN 20 YEARS TIME?

The implementation of the Management Plan is ensuring the health of the inlet for the next twenty years and beyond.

The plan allows for a more integrated approach to the work and engages the wider community.

Visit <http://esperanceregionalforum.org.au/> to find out how you can be involved.

Interested members of the public are welcome to attend a meeting of the Stokes Inlet Management Group.

The group meets on a regular basis to discuss the progress of the management plan.

STOKES INLET MANAGEMENT GROUP

working towards an even brighter future - together

Formed in October 2006, the first Stokes Inlet steering committee provided initial input into key issues relating to the inlet's values, threats and key initiatives and was formed to develop the Stokes Inlet Management Plan.

In December 2008, the steering committee formally became known as the Stokes Inlet Management Group.

COMMUNITY INVOLVEMENT IS CRITICAL TO THE FUTURE OF THE INLET

Benwenerup:
A management plan for Stokes Inlet

The management plan was published in May 2008 in association with South Coast NRM and the Department of Water.
